Greenfield-Central High School's PLTW Team **ITEA Annual Conference in Baltimore, MD**

On Thursday, March 23rd, at 11:00 AM, Greenfield-Central High School's Project Lead The Way team will be presenting at a breakout session of the International Technology Education Association's annual conference in Baltimore, MD. The purpose of this presentation is to share G-C's PLTW experiences and to encourage other high schools to add this great engineering curriculum to their existing technology education programs.

G-C staff are humbled at the prospect of their students presenting to technology teachers & college professors from around the world.

The team consists of 8 students (1 senior, 3 juniors & 4 sophomores, 4 male & 4 female) and teachers Mark Holzhausen (technology/PLTW) John Rihm (science/PLTW) & Keith Thackery (math/PLTW)
